

Project Implementation

On completing the development part, we then run the application one last time to verify all the functionalities and look for any bugs in it. The user interface of the application looks a bit like the one's provided below.

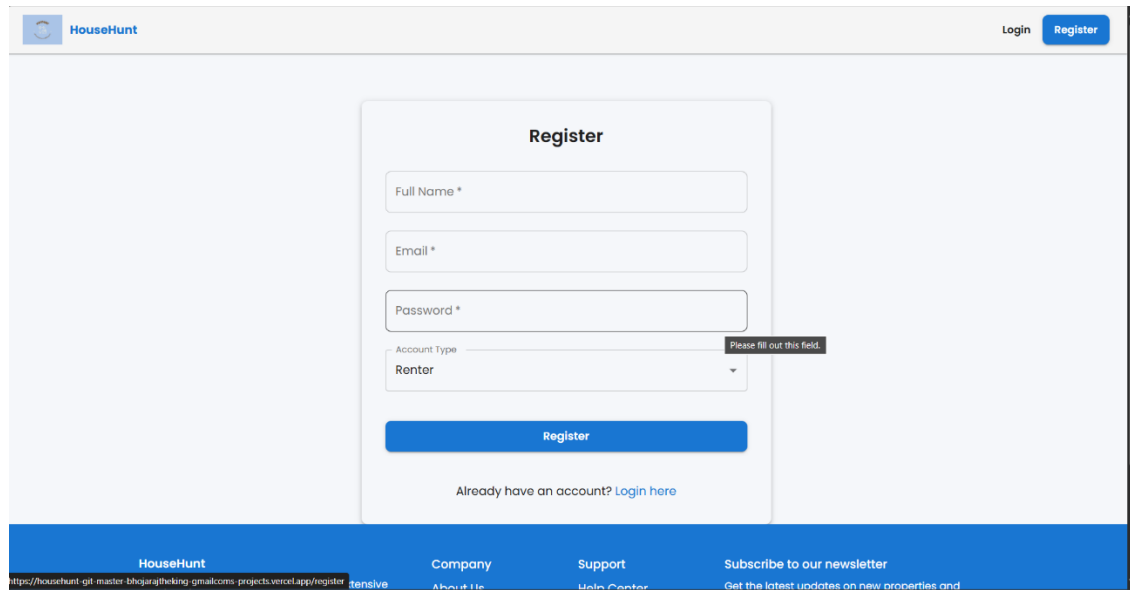

- Landing Page

- Login Page

- Registration Page

The image shows a web browser window displaying the 'HouseHunt' registration page. The page has a light blue header with the 'HouseHunt' logo on the left and 'Login' and 'Register' buttons on the right. The main content area is white and features a central 'Register' form. The form includes input fields for 'Full Name *', 'Email *', and 'Password *'. Below these is a dropdown menu for 'Account Type' with 'Renter' selected. A blue 'Register' button is at the bottom of the form. A tooltip 'Please fill out this field.' points to the 'Account Type' dropdown. Below the button is a link: 'Already have an account? [Login here](#)'. The footer is a dark blue bar with links for 'HouseHunt', 'Company', 'Support', and 'Subscribe to our newsletter'.

The image is a screen recording of a web browser showing an 'Admin Panel' interface. The browser's address bar shows 'localhost:3000/AdminHome'. The page has a purple header with 'Admin Panel' and navigation links for 'Completed', 'Agents', and 'Agents'. The main content area is white and features two sections: 'Users Complaints' and 'Agents'. The 'Users Complaints' section displays a table with four columns, each containing user information and complaint details. The 'Agents' section displays a table with three columns, each containing agent information.
